

QUESTIONS/CONCERNS PLEASE CALL THE SCHOOL AT (801) 530-0001

FOR EMERGENCY RESPONSE

Natalie Parkin, Skinworks Owner (801) 414-7551

Dr. Daniel Ward, Medical Director (801) 513-3223

PRECARE NAILCARE TREATMENT INSTRUCTIONS

- Do not shave or exfoliate 24 hours before the treatment. If you have any type of fungus of the nail we must refuse service. We will do our best to accommodate you with any other treatment.
- If you have anything other regular polish, soak-off gel polish, shellac, or vinylux we cannot remove it. Many gel polishes require a drill, in which estheticians are not able to use under their scope of practice.
- We can provide pedicure slippers, however if you have your own open toed shoes they are more than likely safer to walk in, especially in the winter and wet months. This is one area where shellac excels in as there is no need to for drying
