

## OBJECTIVE

It is the intent of the school to create the opportunity for any interested student candidate to meet with the admissions department and have any questions or concerns addressed before enrolling into the college. It is also the school's intent to ensure that each student is handled with honesty and integrity.

## ADMISSIONS POLICY

Foreign high school diplomas/college transcripts used to meet education requirements must be translated to English and evaluated to show equivalency of a diploma attained in the United States by an outside agency that is qualified to translate documents into English and confirm the academic equivalency to a U.S. high school diploma. Any associated fees for the translation and evaluation are at the applicant's expense. The State of Utah has approved the following agencies to perform this translation: (a) Josef Silny and Associates Incorporated, International Education Consultants; (b) Educational Credential Evaluators Incorporated; or (c) National Association of State Boards of Accountancy (NASBA)

## ELIGIBILITY

Potential students may lose eligibility into the program if they have excessive no-shows for appointments with the Admissions Advisor and the Financial Aid Advisor. Attendance is an important part of our program, and it is crucial for the student's success.

Skinworks reserves the right to deny admission to any applicant who Skinworks, on the basis of background, record, statements, and conduct during the admissions process, determines to not be qualified to succeed in (or benefit from) the academic program for which admission is requested.

- High school diplomas and equivalency are verified by the original certificate that the potential students provides. If Skinworks finds that the documentation may be invalid, Skinworks will request an official transcript from the student. Please see below for more information.
- Skinworks does not accept Ability-to-Benefit students.
- All courses at Skinworks are taught only in English.

Validity of High School Diplomas: Regulation 34 CFR 668.16 (p) requires Title IV schools to establish policies and procedures to confirm the authenticity of high school diplomas in the event that the school or the secretary of the Department of Education as reason to question the validity of a student's high school diploma. Skinworks may require further documentation in the form of a certified copy of final high school transcripts for the high school in question or information from a company that translates and evaluates foreign diplomas. They may also contact the Department of Education in the state in which the diploma was issued to determine if the school listed on the diploma is on the state list of recognized schools. Student self-certification is not considered sufficient proof of validity. Skinworks makes every reasonable effort to verify the validity of questionable high school diplomas. Skinworks will use <https://nces.ed.gov/ccd/schoolsearch> to verify any school that are not recognized locally.
